Academic Details

M.Tech in Information Technology | Mahakal Institute of Technology, Ujjain | 2026

B.Tech in Electronics & Communication Engineering | Ujjain Engineering College | 2024

Soft Skills

Analytical | Collaborator | Leader | Adaptable

Technical Skills

- **Programming Languages:** C/C++, Java, JavaScript, PHP, TypeScript
- **Frameworks/Libraries:** React.js, Angular, Node.js, Express.js, Next.js
- **Frontend Tools:** Bootstrap, Tailwind CSS, Material UI, HTML, CSS
- **Databases:** MongoDB, SQL
- **Tools/Platforms:** Git, VS Code, Postman, Sublime Text

Core Competencies

- Agile Methodologies
- Software Development Life Cycle (SDLC)
- RESTful API Design

Strengths

- Good technical stack (Full Stack: React.js, Node.js, Angular, MongoDB)
- Hands-on experience from internships to a full-time role.
- Inclusion of soft skills and core competencies.
- Relevant projects listed.

Personal Details

- **Date of Birth:** 28th Jan 1999
- **Languages Known:** English, Hindi

Profile Summary

Passionate Full Stack Developer with 1.8+ years of hands-on experience designing and developing scalable web applications using React.js, Node.js, Angular, and MongoDB. Strong understanding of SDLC and Agile methodologies with a collaborative mindset and problem-solving approach.

Work Experience

Software Engineer
Kataria Group, Ujjain   **Nov 2024 – Present**

Responsibilities:
- Designed and maintained scalable, responsive web applications using React.js, Angular, and Tailwind CSS.
- Built reusable UI components, integrated REST APIs, and optimized performance to enhance UX.
- Collaborated in Agile teams through the full SDLC and ensured quality software delivery.
- Performed debugging and code optimization to improve application efficiency.

Graduate Software Engineer
Knocial India Limited, Gurgaon   June 2023 – July 2024

Responsibilities:
- Delivered high-quality software components by following SDLC practices.
- Actively engaged in code reviews, mentoring, and team collaboration to meet project deadlines.
- Identified and implemented solutions for complex software challenges.
- Promoted best practices and enhanced team productivity.

Software Trainee Intern
Allsoft Infotech & Multimedia, Ujjain   Oct 2022 – May 2023

Responsibilities:
- Built user-friendly interfaces that enhanced platform usability and visual appeal.
- Assisted in integration, testing, and deployment of software applications.
- Worked alongside senior developers in delivering project milestones on time.

Academic Projects

GSM-Based Electronic Notice Board
- Tech: Embedded C, GSM Module, Arduino
- Role: Developed hardware and software interface for remote-controlled notice board.

OTP-Based Authentication Library Management System
- Tech: Embedded C, GSM Module, RFID Tag, Arduino
- Role: Built verification system with integrated hardware for secure library management.
